Four-Year-Olds and Over by Registered Sires Bring Out a Galaxy of Splendid Specimens.

Blanche Bates attended the Horse Show at the World's Fair yesterday and before leaving the grounds, she purchased two horses at auction-Louisana, a 2-year-old, and Louisville, a yearling. Miss Bates led the bidding in person. It is said that she paid \$3,000 for the two

out a spirited exhibition between ten splendid animals. Silver King, the beautiful gray gelding, which has won several awards during the show, owned by T. N. Houtchens, of Chaplin, Ky., was given first prize by Mr. Railey. Jack o' Diamonds, owned by Thomas Dunn of St. Louis, and ridden by Tom Bass, secured second prize. But for his indifferent manners in the first stages of th event, Mr. Dunn's chestnut probably would have secured the first award. Oscar R., a sorrel gelding, owned by John T. Hook, of Paris, Mo., was awarded third prize, and Doctor C. W. Crowley's The Frenchman secured fourth. LIST OF AWARDS. Four animals of either sex, any age, get of

City fathers wielded the pruning knife on the bill proposing amendments to the was about a mile and a half from the City Charter in regard to the salaries of city officials. At last evening's meeting walk almost, but when walking he did of the City Council after the measure meeting. The councilmanic amendments cut the salaries proposed in the original Council bill from that of the Mayor down. The original measure provides that the Mayor shall receive \$15,000 a year; the amendment stipulates \$10,000, while the salary of the chief executive is now only \$5,000

Salaries of the Sower Commissioner Water Commissioner, President of the Board of Public Improvements, Street Commissioner and City Counselor, all of which were recommended to be raised to \$10,000, were cut to \$7,500. The bill, passed by House and Council, will not affect the present administration.

The Committee on Legislation recommended a reduction in the bill which proposes to make chauffeurs take out licenses. Originally it was proposed to charge drivers \$3. This was reduced to \$2. The concurrent resolution to furnish old

apparatus to Greenwood, a suburban town, was adopted. A measure was passed to build a two-story shop at the city garbage stable. Delegate Sheehan introduced a measure

A mile further on Spring, who was setting a terrific pace. while going up a steep hill, fell to the ground from sheer exhaustion. John Loron of Cambricke, Mass., who was the favorite with the Americans in the event, was compelled to retire shortly after Spring left the ranks.

Harris of South Africa, Zshouritis, the Greek; Facy of Long Island, and Drosas. another Greek, were the next to drop out of the race and were carried along.

At the fifteenth mile Sammy Mellor wa till leading the runners, but after holding the first place for another mile was compelled to retire, being attacked by a seere pain in the left side. He was taken into The Republic automobile, where he was revived and brought back to the city with his trainer, Bromstein, who ran a great deal of the way with his protege. Carr and Newton were holding second and third places at the fifteenth mile.

The programme of to-day's events for the Olympio championships includes short and distance runs, jumps and weight events, and an international tug-of-war. The world's record in the shot-put will probably be lowered when Nicholas Georgantes, the Greek champion, and Ralph Rose of Chicago, meet in this event. The Greek has shown great form in practice and will probably set a new mark in the event. Rose, the young Chicago giant, has thrown the ball farther than any man in America, and may break the present record, although if he shows in the put as he did in the hammer he will not do anything in this line.

W. W. Coe of Summerville, Mass., wh won the handicap shot-put Menday with a put of over 45 feet, may also figure promnently in the event, while Jack Guiney the local man representing the M. A. C. will probably land a place. Guiney is a well-built chap, and at college in the East has shown good form in the puts.

The 400-meter hurdle promises to be contest between the East and the West, although Gardner, the Australian, may finish toward the front. The West will be represented by Fred Schule, George Poage, the negro, and Frank Waller of Milwaukee, while Harry Hillman, E. Cairns, E. Clapp and Frank Castleman of New York will be their hardest opponents. The 200-meter dash promises to be the feature event of the day. The winners of the heats in Monday's sixty-meter run are entered in the event, and with these alone, a good contest should result. Hogenson, Blair, Moulton and Habn are the men between whom the result depends. The tug-of-war will be between the Boer Club of South Africa; the Southwest Turnverein of St. Louis, and the Greek team from Athens. The other events are the standing high jumps and the lifting

Mrs. Maddax Says Husband Affected Reconciliation From Selfish Motives. For the second time in two months Mrs south of Belleville, entered suit in the Circuit Court at Belleville for a divorce from Henry Maddux. She also asks the court for an injunction restraining her husband from disposing of their property until the case is settled.

until the case is settled.

The first suit was brought on July II. Mrs. Maddux alleged cruelty. The couple were married June 22, 1881, and lived together until shortly before the suit for divorce was filed. Friends of the family effected a reconciliation, and the couple a month later appeared in Circuit Clerk Thomas May's office and withdrew the petition. The costs in the case were paid.

Yesterday a new petition for divorce was filed, stating that Maddux had assanited her, knocking her down last Saturday night. She further alleged that he agreed to a peace treaty for selfish purposes, so that he would have some one to assist him during harvest time.

SUES ROYAL MINE OWNERS. Thomas Davis Seeks to Recover Damages for Injuries.

Thomas Davis, a carpenter, whose life was saved in a fall of 160 feet down the shaft of the Royal Mine, near Belleville, by the body of his father-in-law, Luke Boden, acting as a cushion, yesterday entered suit in the Circuit Court at Belleville against the owners of the Royal Mine for \$10,000 damages for his injuries.

The men were at work sealing the air shaft of the mine, when some of the scaffolding gave way and precipitated both to the bottom of the shaft. Boden was the heaviest, and he fell first. Davis fell on top of him. Boden was instantly killed, Davis suffered a fractured foot, and he also asserts that he suffered a shock to his spine, which has caused him much pain and inconvenience. MORO SULTAN'S RANK RESTORED

Pitiilian Receives His Sign and Bolo Knife Amid Rejoicing of His Subjects at the Fair.

The full rank and power of Sultan Pittilian of the Lanao Moros, was restored to him yesterday, amid much re-

joicing and elaborate ceremony. deposed by Superintendent W. A. Long of he Moro Village for insubordination. Pitiilian and a half dozen of the Moros of high rank have been opposing Superintendent Long and threatening an surrection because of the death of a high day that Long took charge of the Moro Village. With the superstition of their people they believed that Long in some way had cast an evil influence over them, and that the sick man's death was di-rectly due to Long's appearance at the

and that the sick man's death was directly due to Long's appearance at the village.

The opposing forces finally met in a pitched battle last week, when two of the Moros attempted to leave the grounds without a special permit from Long. A fight ensued between the Moros and the guards, in which the Moros received slight bruises. It was this act in the little political drama that resulted in the Sultan's being deposed. Pittillan's sign declaring him Sultan over 25,000 Moros of Mindanao Island was removed from him hut and his bolo knife, the official badge of a Moro Sultan, was taken from him.

Yesterday these were restored to him by Timon, the follower of the Sultan, who was hurt in the duel. They were given to Timon by Superintendent Long, and in turn presented to the Sultan amid much ceremony, in which the entire village took part. A Philippine Exposition guard, typical of the power which had deposed the Sultan, nailed the sign back on the hut, where it had previously been, and the restoration was complete. Feasting and dancing followed this ceremony, which was kept up to a late hour last evening. dancing followed this ceremony, which kept up to a late hour last evening.
